## All-in-One Secure Wireless 2.4 GHz I/O and Wi-Fi Gateway Modem

Weidmuller introduces the WI-I/O-2-E-N-GBL, a wireless networking I/O and Wi-Fi gateway that accommodates multiple I/O nodes and extends communications to sensors and actuators in local, remote, or difficult to reach locations.

## The Latest Innovations for Terminal Blocks

### [PDL 6 S](#)

Powerful three-conductor installation with cross-sections of up to 6 mm<sup>2</sup>  
PDL 6 S enables convenient and space-saving connectivity

### [Double-tier feed-through modular terminals ZDK 2.5-2/4AN](#)

Vibration and shock-resistant connections in trains  
Reduce cabling to a minimum with ZDK 2.5-2/4AN

### [WDK 10](#)

Sophisticated power distribution in a set  
WDK 10 feed-in and distribution terminals require up to 50 % less space

### [KLBÜ-RC](#)

Shielding on both sides in sprawling systems  
Completely safe for the first time ever with our filter-based shield clamps

**More Performance.  
Simplified.  
u-remote.**

Perform your machine development operations in such a way that they are fast, high performance, smooth and deliver identifiable added value for your customers.

With u-remote you will reap the advantages early on for installation work, machine commissioning and subsequent service applications at your customers' premises.
